CLC CATEGORICALLY DENIES BASELESS SMEARS REGARDING ALLEGED FINANCIAL MISMANAGEMENT; CONFIRMS THAT ITS NATIONAL CAMPAIGN MAILER WILL BE SENT TO ALL NALC MEMBERS STARTING THIS WEEK

Washington, DC (September 17, 2026)—Today, the Concerned Letter Carriers issued the following statement regarding smears made against it on Reddit.com by an anonymous person alleging that financial mismanagement left the slate unable to afford a national campaign mailer to the NALC's active and retired membership:

We, the Concerned Letter Carriers (CLC), categorically deny the baseless and anonymous smears that were posted in dark corners of the internet that seek to raise doubt regarding our campaign's competence and character. Specifically, the CLC denies all of the following:

- *That the CLC used any campaign funds to pay for travel for its candidates;*
- *That the CLC mismanaged any campaign funds;*
- *That the CLC cannot afford a campaign mailer to due to misspending its campaign funds.*

The CLC's nationwide campaign mailer will be mailed starting tomorrow, on September 18, 2026. The entire membership of the NALC will soon see these smears for the lies they are when the CLC campaign mailer is delivered to their mailbox in the coming weeks.

As the CLC's opponents become more desperate, more lies should be expected. Desperate people will say anything, especially when they can say it anonymously.

The candidates of the CLC have spent tens of thousands of dollars from their own pockets to meet Letter Carriers in communities across the country in order to bring reform to the NALC. They are not asking for sympathy, but their personal sacrifice should not be belittled by lies.

If supporters of the CLC keep the faith, their faith will be rewarded. In about one month, God willing, the Letter Carriers will vote to bring change to this great union, and the CLC and reform will be victorious.
